**SOUTHERN UNION STATE COMMUNITY COLLEGE
REQUIREMENTS FOR STUDENT HEALTH RECORDS**

Before registering in any health sciences course, you must submit proof of the following items. NO exceptions can or will be made regarding submission of documentation by a medical professional. Turn in your health information to the appropriate systems **prior to registration.**

ITEM	DOCUMENTATION REQUIRED	<input checked="" type="checkbox"/>	SUSCC only
CPR	Documentation of current CPR certification (copy of front & back of card) by the American Heart Association, at the Health Care Provider level , must be presented prior to registering for any health science program/course. CPR certification must be maintained throughout entire program. CPR is offered by SUSCC. Schedules and fees available on web or in Health Sciences Department.		
Criminal Background Check	Before the orientation meeting for the program, students must have a CLEAR status on their criminal background check. Process may take up to 4 weeks for completion. Students <u>returning after more than one semester's absence</u> from program must repeat the criminal background check. NO ONE WILL REGISTER WITHOUT A CLEARED BACKGROUND CHECK.		
Essential Functions	The Essential Functions form must be signed by student and physician, physician's assistant, or nurse practitioner <u>after</u> admission but prior to registering for courses.		
Flu vaccine	Documentation of "seasonal flu" vaccine including injection site and signature of person administering the vaccine.*Students admitted for summer or fall semester should not receive the flu vaccine until September when the vaccine is released for the up-coming year.		
Health Insurance	You must provide a copy of your health insurance card. If you do not have insurance you may obtain info regarding insurance offered to SUSCC students at https://www.studentinsurance.com/Client/1775 or call 1-877-272-4532.		
Health Questionnaire (Physical Examination)	<i>Health Questionnaire</i> form must be completed and signed by a physician, physician's assistant, or a nurse practitioner after admission to program but prior to registering for courses. Health Department stamps are not valid. Health Questionnaire must be current through the entire term for which student is registering.		
Hepatitis B	Documentation of first of series of 3 immunizations is required before registering for first level course. Proof of 2 nd & 3 rd vaccines must be submitted when due. Waiver is available for those unable to receive the vaccine (see Health Sciences Department for waiver).		
Measles* (Rubeola)	Documentation of <u>two</u> doses of live measles virus vaccine (part of MMR) on or after first birthday. If unable to provide medical documentation, you must have lab data indicating adequate immunity (positive titer). If lab data indicates that you are not immune, you must be immunized.		
Mumps*	Documentation of two immunizations with live mumps vaccine (part of MMR or MR vaccine) on or after first birthday. If no medical documentation of immunization is available, you must have lab data indicating adequate immunity (positive titer). If lab data indicates that you are not immune, you must be immunized.		
Rubella*	Documentation of two Rubella immunizations (part of MMR or MR vaccines) on or after first birthday. If unable to provide medical documentation of immunization, you must have lab data indicating adequate immunity (positive titer). If lab data indicates that you are not immune, you must be immunized.		
PPD or Tuberculosis (Tb skin test)	Initial Tb skin test with lab results is required and must be repeated on an annual basis. This test must be current during the <u>entire semester for which you are registering</u> . If you have ever tested positive for Tb, you must submit documentation of a current negative chest x-ray. Chest x-rays are current for 2 years from date of test.		
Tdap	Documentation of a one-time adult dose (18 years of age or older) of Tdap (tetanus, diphtheria, pertussis). You must also provide proof of Td (tetanus, diphtheria) booster if more than 10 years since Tdap.		
Varicella (Chicken Pox)	Documentation of immunization or titer results indicating adequate immunity. If titer indicates that you are not immune, you must be immunized.		

* **Please note:** If you require the MMR immunization, you should not be pregnant **nor** should you become pregnant for three months after receiving the vaccine.

IMPORTANT: You must upload copies of RESULTS of titers/tests and dates of immunizations into **ACEMAPP**. **COPIES WILL NOT BE MADE FOR YOU**. COPY MACHINES AVAILABLE IN SUSCC LRC/LIBRARY AND STUDENT UNION BUILDING. STUDENT IS RESPONSIBLE FOR KEEPING COPIES OF ALL RECORDS.

Regarding COVID VACCINATIONS: Please be aware some clinical sites may require the covid vaccination for entry.
