

Student Emergency Alert System

Southern Union is now offering FREE emergency alert services that can notify you of emergency college situations, class cancellations, and severe weather updates that can be sent to your home phones, cell phones, pagers, and email accounts in minutes. All currently enrolled students are already in the system and all you need to do is update your information. To update your information visit: www.myschoolcast.com and login.

Once you visit www.myschoolcast.com follow the username and password example for updating your contact information:

Username: First three letters of your first name + First 3 letters of your last name + 2 digit Birthday

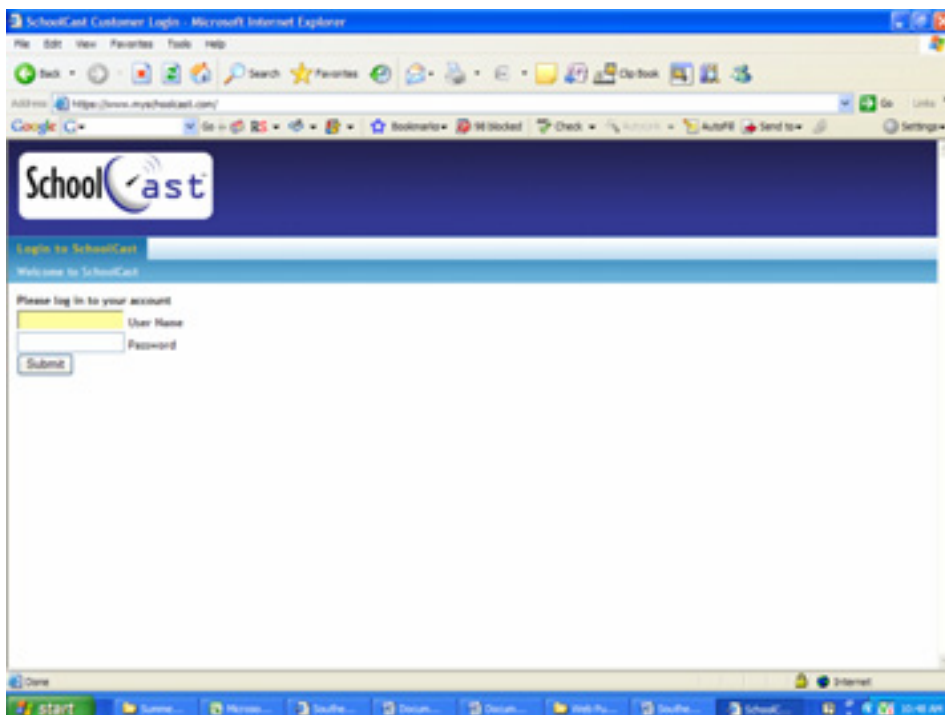

Password: Birth date (MMDDYY) - *Password can be changed during login.*

Example: Billy Smith born on October 19, 1970

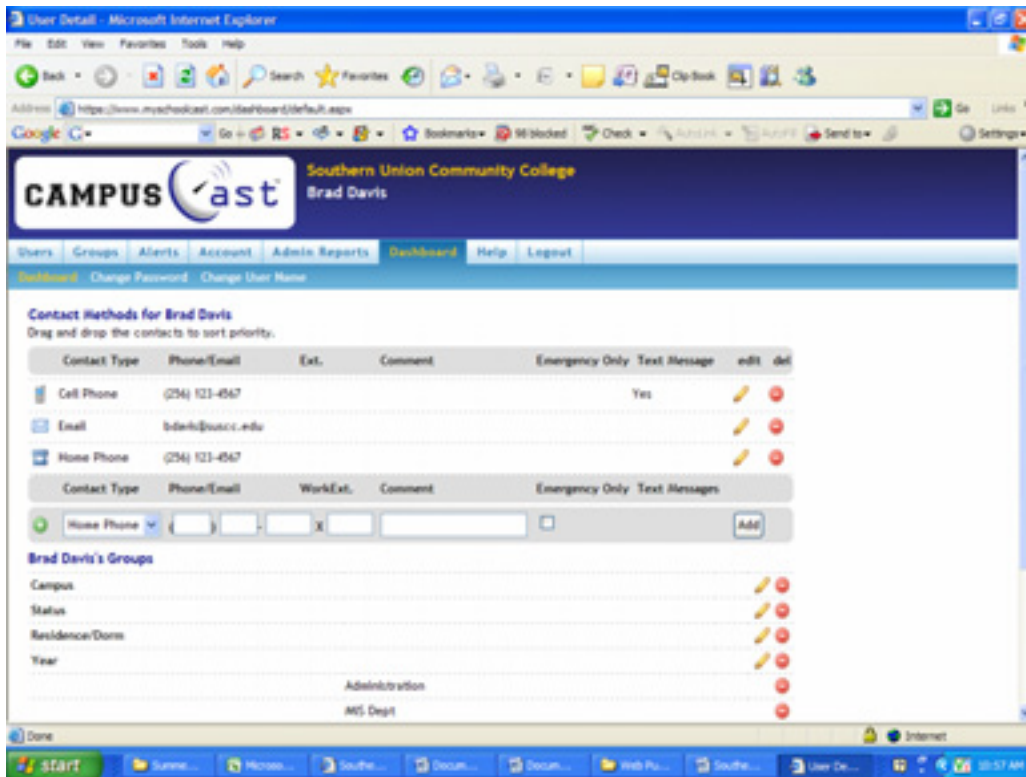

User name = bilsmi19 / Password= 101970

(*Please note this is the same username and password as your email.)

The following is the website you will access when you visit www.myschoolcast.com

Once you login you can update you information from the following screen.

To update your information select the Home Phone, Cell Phone, or Email from the contact type drop down menu. Once you enter in your contact information click on the add button. You can have as many contact numbers or emails and you want.

This service will be in effect soon so please make sure all your contact information is updated.
