SUSCC Institutional Scholarships

The institutional scholarship application portal opens December 1 for the upcoming academic year. Meeting the minimum requirements does not guarantee an award. All scholarships listed below have a limited number of awards available. Submitting a single application may allow you to be considered for multiple scholorships; however, if you are offered multiple awards, you may accept only one. Students may receive institutional scholarships for a maximum of two years. Coverage includes tuition and most fees. Please check both your SUSCC student email and your personal email after submitting your application for interview or audition information, if selected.

Scholarship	Who Can Apply	Minimum Qualifications	Deadline to Apply as Listed Unless Otherwise Stated	Interview Required
