## DID YOU KNOW:

You must register for ALL credit hours you plan to attend for the ENTIRE semester prior to the end of drop and add for the full term if you receive federal financial aid (Pell Grant or Direct Student Loans).

Which means, if you plan to take a Mini-Term 2 class later in the semester, you must register by the end of drop and add for the full semester in order for your financial aid to cover it. Adding a mini term or 7-week class later in the semester will not activate your financial aid for coverage for the new class added. You would be responsible for the payment of tuition and fees if you register later.

We recommend you register for all of the classes (full term, Mini-Term 1 and Mini-Term 2, or even 7-week classes) at the beginning of the semester so your financial aid can activate based on your full course load. If you are only registering for a mini-term course, you can register at any time during the allowable registration period to activate coverage with your financial aid.

*Canvas is a learning management system to deliver course content. All courses, no matter whether they meet on campus or not, have a corresponding Canvas course that includes the course syllabus, instructor contact information, and grades. Traditional (face-to-face) courses will have a Canvas course with a syllabus and other pertinent information. Online classes will be accessed entirely through Canvas. Hybrid courses will be accessed through Canvas plus on-campus meetings will be required.*

## DID YOU KNOW:

You can log in to Canvas within seven (7) days of the beginning of the semester. All classes (Full-Term and Mini Term I classes) for which you have registered should be listed under the Courses button (Mini Term 2 and Five-Week classes will appear under the Future Enrollment section). You will not be able to access the class until the instructor has published the course. All instructors should publish their Canvas course by the official first day of class.

Students who register for online and hybrid online classes are required to have access to a computer running Windows 7 and newer or MAC OSX.6 or newer with a webcam and microphone. Some assignments and testing may not be completed on a mobile device.

Students who register for online and most hybrid classes are charged a \$35 proctoring fee that is due at the time of tuition payment.

An attendance verification assignment is required for ALL online classes and some hybrid classes that is due within the first few days of class. Students who do not complete the attendance assignment will be dropped from the class.

If you are dropped for non-attendance or non-payment of tuition and fees, your Canvas class will disappear from your account. You should check your schedule in mySUSCC to be sure you are still registered. If you have been dropped, you should contact the Admissions Office for assistance.
