

CONCURRENT ENROLLMENT

Concurrent enrollment offers opportunities for students to attend Southern Union and a four-year university at the same time. Students apply to participate on the quicker and more cost-effective pathway to receiving an Associate in Science degree and a bachelor's degree.

BENEFITS OF CONCURRENT ENROLLMENT

Participating students may enjoy the following benefits.

- university courses charged at Southern Union rates
- priority registration
- consistent, personalized, and positive guidance
- guaranteed credit transferability
- small classes
- thousands of dollars in savings
- exposure to university campus culture
- jumpstart on major course requirements
- greater sense of belonging
- expanded social capital
- seamless transition between institutions
- greater likelihood of completing a bachelor's degree within four years
