UNUSUAL ENROLLMENT HISTORY

Your 2022-2023 FAFSA has been flagged by the U.S. Department of Education because it appears that you have an “unusual enrollment history.” This is because you received Federal Pell Grant or William D. Ford Direct Loan funds at multiple institutions during some or all of the last four award years (2018-2019, 2019-2020, 2020-2021, 2021-2022).

As a result, the financial aid office must review your academic transcripts from all of the institutions you have attended during that period. The U.S. Department of Education has initiated this review to make sure students are not enrolling in classes only to collect student aid funds. If it is determined that you did not earn credit hours at each of the institutions you attended, you will be required to provide additional documentation.

Please list all postsecondary institutions you have previously attended by year

Name of Postsecondary Institutions	Academic Year	Credit Earned? Answer Yes or No*
	2018-2019	
	2019-2020	
	2020-2021	
	2021-2022	

*For each school listed for which no credit was earned, attach a statement explaining why you didn’t earn credit. Also attach supporting documentation (i.e. hospital bills, police records, letter on letterhead from a third party, etc.). Make sure your name and student number are on each page.

Complete the certification below, then submit this form and attachments to the Financial Aid Office.

I certify that the information provided on this form, and all attachments, is complete and accurate to the best of my knowledge.
