

# Need help finding your major?

## You are not alone!

Many college students begin their college journey without a clear plan of what they would like to study. What do you want to do with your life after college?

## We are here to help!

"Kuder Journey is an online education and career planning system that gives students the tools they need to build a foundation for lifelong career success." Kuder, Inc.

## Kuder's Philosophy

### Learn

about your interests, skills, and values with Journey's research-based assessments.

### Plan

your education and career goals based on your real-time assessment results.

### Succeed

by making confident career choices via Journey's career planning tools.

## With Kuder, you can:

1. Take career exploration assessments to help find the right fit:
  - ◆ *The Kuder Career Interests Assessment*
  - ◆ *Kuder Skills Confidence Assessment*
  - ◆ *Super's Work Values Inventory*
2. Explore Occupations-View a list of occupations suggested by assessment results.
3. Explore Majors-Guidance to help determine the right major or ensure students are heading in the right direction.
4. Plan for Education- Research education options, school choices, and search for scholarships.
5. Plan for Work-Find information about the job search process including applications, interviewing and creating a resume.
6. Find a job! -Get guidance on searching for job openings and researching employers.
